

7/8 Corrugated

Description:

The 7/8 Corrugated Panel with its bold architectural appearance can be used for both roof and wall applications. 7/8 Corrugated Panels are attached to a building structure with exposed fasteners. The 7/8 Corrugated Panel is often used in horizontal applications on walls.

Materials & Thickness:

- ▶ Galvanized & Galvalume 29-22ga
Unpainted / Kynar500® Hylar5000® / SColor
- ▶ Weathering Steel

Method of Application:

1. 7/8 Corrugated Panel may be installed in a non-sequential pattern over a solid substrate or open framing

Precautions:

1. Oil canning is not a cause for rejection.
2. Exercise caution when lifting, moving, transporting, storing or handling metal to avoid possible physical damage.

Accessories:

We offer a full line of accessories that compliment this profile.
